RWE Deutschland AG Joins EUTC

EUTC, the European Utilities Telecom Council, is proud to announce that RWE Deutschland AG has joined the association as a new member.

RWE Deutschland AG will be represented at the EUTC board of Directors by Dr. Andreas Breuer, Vice President of New Technologies and Projects.

Talking on this adhesion, Peter Moray, Director of EUTC, stated: *“We are delighted to welcome RWE Deutschland AG as a new member. This extension of the board confirms the interest of energy utilities due to the challenges related to Smart Grids developments and the importance of information and communication technologies in the future.”*

RWE Deutschland AG is based in Essen and is the operating company for electricity grids, gas and water supplies, sales and energy efficiency in the RWE Group. The company owns one of the largest distribution grids in Germany. RWE Deutschland has subsidiaries for sales and distribution grid operation, grid services and gas storage facilities. Other owned companies pool energy efficiency activities, including electromobility, and the development and operation of smart meters. RWE Deutschland has interests in 70 regional and municipal energy utilities; and has 21,000 employees.

About EUTC:

European Utilities Telecom Council or EUTC is the trade association for telecom and IT professionals at European utilities. EUTC understands that technology is rapidly changing the role of telecom in Europe's electric, gas and water utilities, energy companies and other critical infrastructure companies. As utilities use their vast experience in building and managing sophisticated telecommunications networks to enter Europe's new competitive telecoms markets, EUTC supports their efforts with education, networking, benchmarking and resources.
